dedication

Traditionally, the Manzanita is dedicated to one very special person who has shown outstanding devotion to Watsonville High School.

Mr. Hockel, the current Industrial Arts Department head, has taught twenty-one years at Watsonville High School. Before coming here, Mr. Hockel taught five years in Milwaukee. He started teaching here in 1947. In 1950 he taught metal shop at night school and still teaches night school today. For many years he has collected tickets at football and basketball games. He has chaperoned numerous dances and has ridden buses to out-of-town games.

To Mr. Hockel for the inspiration he has given to the many students who have been in his classes—for his interest in the school—and especially for his understanding, good will, and cooperative spirit that exists between students and teachers— we respectfully dedicate the 1968 edition of the Manzanita.

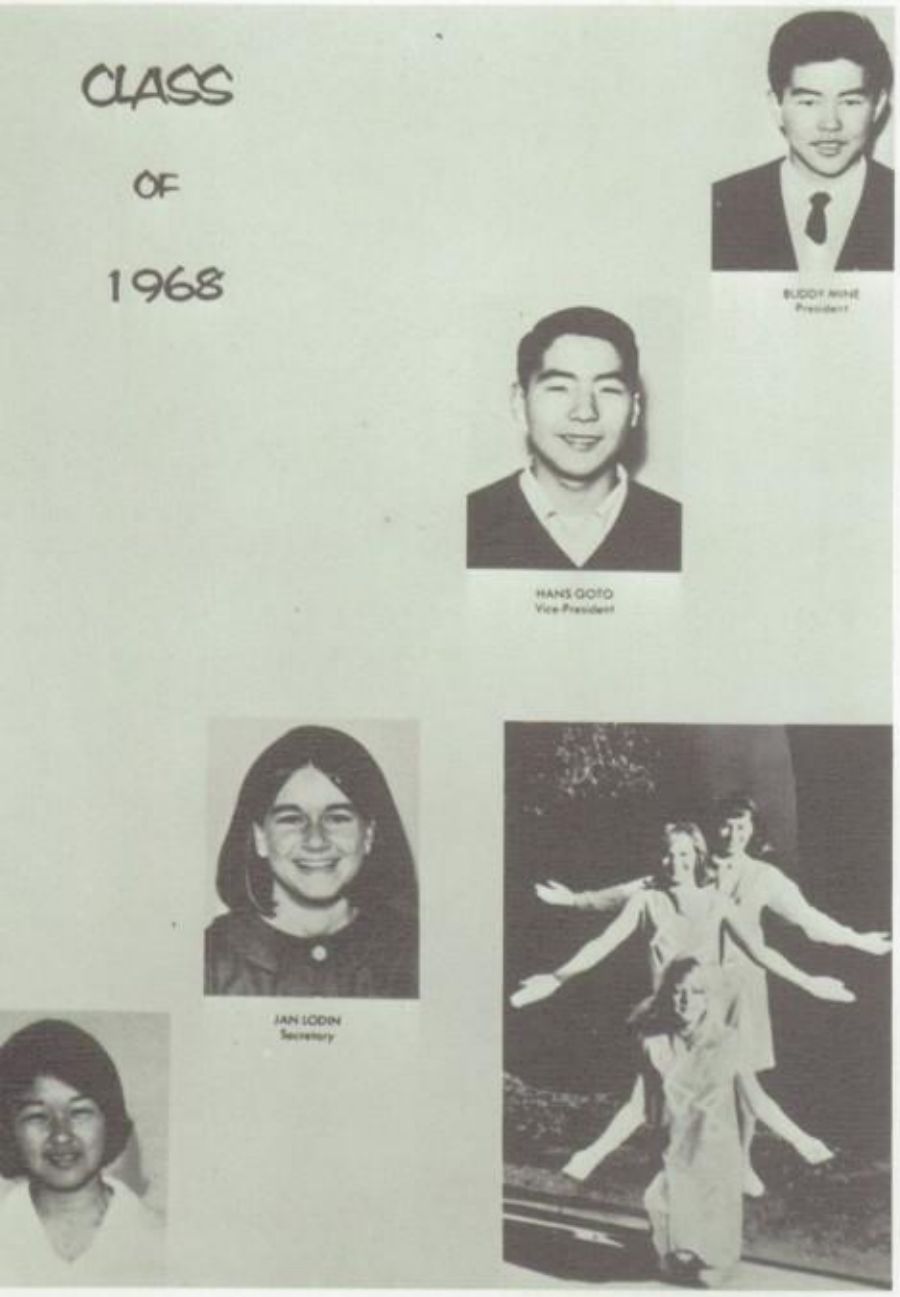
manzanita reflections of the past four years



These pages reflect the last four years at Watsonville High. The activities, the students and the progress.

Four years ago the Seniors arrived here at Watsonville High. Four years of memories with many happy and some sad events. If when turning through these pages some old memory is received, then the purpose of this section will be realized.

The theme of the yearbook enabled the Manzanita to give you a momentary reflection of the past four years.

message to the students

Where will you be ten years from today, twenty years from today? What use will you have made of your time and your talents?

At this time in your life you have the opportunity to look back briefly and review the manner in which you have invested time and energy in the development of your personality, your skills, your knowledge, your ability to cope with the problems that you encounter. It is hoped that an assessment of past endeavors will lead to an understanding of how you may apply yourself with increasing effectiveness.

A look to the past should be brief, and attention should immediately be focused on the tasks of the future. The most important consideration is how you may apply your time, energy, and talent in order to achieve the future that will provide you with the feeling that your life has made a difference. It would be impossible to say what occupation each of you should choose. Each is qualified for something different and there is no one answer which would satisfy all. But, regardless of your preference, don't underestimate others. Set your sights toward your dreams. Earn step-by-step progress toward that dream; and involve yourself in a deep concern for how you can serve the welfare of others. You will achieve satisfaction beyond your ability to imagine.

Congratulations on your accomplishments at this point in your lives. I wish all of you every success in achieving fulfillment. May your life count for others.

Mr. McCombs

PRINCIPAL's MESSAGE

"WITHOUT RESPONSIBILITY THERE IS NO FREEDOM"

. . . Edward Bernstein

Are you willing to take your fair share of responsibility for freedom in our society? Is our society turning itself increasingly toward an attitude that looks for someone else to solve its problems? What can you do as an individual to assure yourself that a free sociaty will be maintained?

Let me suggest a course of action that might well command your attention. Is there a way in which you can be different and at the same time increase your self-respect and self-reliance? Instead of looking toward your parents, your school, your employer, or your government to solve your problems and to provide you with all the things you feel you must have, take the initiative for looking out for yourself. Don't expect others to "do" for you. Do expect to "do" for others.

We must try to solve our problems within the structure of the laws of our country. If we feel the laws are wrong, or inadequate to satisfactorily solve the problems, we must actively work to have them changed. Our work toward change must be positive and not negative if we are to succeed.

I hope that Watsonville High School has given you the fundamental understanding, skills, and attitudes which will help you shoulder your responsibility.

The Social Science department, headed by Mr. Thomas Rowland, kept pace with current events by involving itself with the controversial issues of civil rights, government, and history. For the Freshman just entering high school, classes in orientation and local government are mandatory. As Sophomores their curriculum encompasses a semester of geography and second semester of life Science. Juniors must complete a full year of United States History while all seniors pursue the topics of government and sociology, which includes a look at marriage and the family. These courses are designed to help students prepare for the many complexities they may confront in modern society.

Mr. Jones throws his whole class out of focus

Only my mother knows for sure

In accord with its philosophy that the English curriculum is continuously growing and changing, the department this year has been experimenting with a four-teacher, team-teaching program for freshmen students. This has given the department its first opportunity to make practical use of the flexible left wing of the Language Arts Building, where folding walls may be drawn back to convert it into one large room when occasion so requires.

English seminar, a specialized, non-graded class for students with special interests and abilities in English, was continued for the second year.

Other department work which had a special impact upon the student body at large, included the production of a bi-monthly *High Times*, a bright and newsy running account of student life and student activities. Student created, oriented, and to a large extent directed drama appeared on the campus in the form of student originated one-act plays and variety skits. This approach to drama created a new enthusiasm among both participants and audience.

Indictive of the number of seniors who intend to carry their education to other campuses, Senior English again carried a full complement of college-bound students.

Industrial Arts

Industrial Arts at Watsonville High School are primarily exploratory. Courses are designed to give students an opportunity to experience industrial activities in metal, wood, mechanical drawing, and many other mediums. With his understanding of some of the functions and concepts of industry, students will be able to narrow their vocational choices and then follow a vocational, or hobby interest during their tenure in school.

Expanded facilities in audio visual materials and personal contact with each student as he works with tools, materials, and processes helps to create a wholesome learning environment.

The Home Economics program offers a wide choice of subject areas. It is not a department of "Stitching and Stewing".

In Home Economics the student may put into practice all his or her academic knowledge. Our department feels that we offer the student the chance to learn self discipline, to be creative and to manage their time, energy and money.

Home Economics has a "Three Fold" purpose. It prepares the student for: The greatest of all careers, that of a Homemaker; for being a more understanding community member and for opportunities in a professional career.

Students may take a major in clothing, textiles and related areas; Food and nutrition with emphasis on family health. A food major includes arrangement of food center and the buying of its equipment and appliances. Another major is homemaking which covers all eight areas of living: Food and nutrition, clothing and textiles, child development, home management, family relations, health and safety, house and home furnishings, and morals and manners.

Foods is open to boys in their junior and Senior years. In addition a full years course of Senior Seminar is open to all Seniors.

The Home Economics department has a great interest in helping the high school student find his place in our society. We are exploring new methods of teaching. We have one teacher in the department working with a team of teachers under the "Richmond Plan". They are working with thirty girls in the area of pre-paramedical preparation. Another "Richmond Plan" with one of the teachers on the team is the Business field of Distributive Education. A third teacher has fifteen girls in a work program, which will help the girls to better understand the world of work.

Organization is the key to true home economics.

Our Art Department could better be called the "Visual Arts" Department because Music, dramatics, creative writing, interpretive reading and dance also belong to the field of the arts. All are means of communication and share certain principles such as rhythm, emphasis, etc. Art students are the "Universal language".

The Art staff consists of three teachers, Mr. Spencer the Department chairman, Mrs. O'Farrell and Mr. Pezzoni. Seventeen classes are in operation and are made up of nine kinds of classes to serve different needs and interests.

First year students may take Design if they are average to fast learners, Art Fundamentals if they are slower learners or Basic Crafts if they are in Special Classes.

After the first year, design students may go in to: Fine Art which is primarily concerned with individual expression through original and unique artistic productions, Commercial Art which is to meet the needs of commerce and industry through advertising, product design, display, illustration, packaging, etc. Art Services which is a commercial art class concerned with meeting the needs of the school and community for posters, bids, covers and other related projects, or Major Crafts as cannot be easily learned by oneself such as jewelry, including the potter's wheel and glazing amd firing practice, and glass enamels on metal among others.

Art Fundamentals students, if successful, move into Design or, with approval, into an advanced class.

The other two classes, open to beginner and advanced are: Manzanita, which produces the school's yearbook, and art appreciation which is primarily for college preparatory students carrying a heavy schedule of academic classes.

Some interesting features of Art Appreciation are: We cover all the Art including music, drama, great literature and dance. The class meets before school so it does not interfere with full use of the school day. There is no homework because the students are already carrying a full load, and grades are either satisfactory or unsatisfactory so there is no competition for A's. College students are usually required to take some form of art as a breadth requirement in most majors.

This class provides a broad background for future specialized courses. Art classes are designed to be valuable for any student who will work can be successful. Advanced classes are more professional and competitive.

The department is housed in three rooms equipped respectively for Fine Arts, Commercial Arts, and crafts and constructions.

That is Art!

Girls' Choir initiated by Mr. Herman Fisher and under his direction, have been warmly welcomed at many club and civic functions. Mr. Fisher also takes pride in his Boys' and Girls' choruses which examine and execute many of the varied styles in music.

One of the more active musical organizations in our school is the Wild Cat Band. The 1967-68 Pep Band with Dan Stump as leader, has been loudly and skillfully on hand for every rally, whether football, basketball, or special affairs like the Homecoming Parade and the Powder-Puff football game. The Pep Band has indeed shown itself to be one of the most spirited groups in Watsonville High.

A little funny business on the blackboard.

The department of Business Education at Watsonville High School has an important part in to play in the guidance of youth because of the diversity of business courses offered by the department. Approximately one out of four of the gainfully employed is engaged in some form of business occupation. The department constantly strives to offer courses that adequately prepare youth for initial employment in business. General education needs are also served by such courses as General Business and Typing. A recent department innovation is the Health Occupations Typing course offered as part of the "Richmond Plan."

communicating the spoken and written word.

The Foreign Language Department offers a four year program in Spanish, French and German. The Latin program is generally two years. The emphasis is on the oral-aural approach with communications as the main objective. Cultural material is brought forth in an effort to create an understanding of and appreciation for the contributions made by other peoples to our own society. The department hopes that it contributes in some way, to the fine academic program available to the students of Watsonville High School.

All these programs combine to keep Watsonville in close harmony with the Presidents' Fitness Program.

All male students at Watsonville High are required by a state law to take Physical Education. All students participate in team sports such as football, basketball, and softball, as well as individual sports such as tennis, archery, and badminton. This year the boys P.E. department has instituted a new leadership program, in which some Junior and Senior boys are assigned as coaches assistants. So far it is working out very well for all concerned, the coaches, the leaders, and the students. They assist with the exercises and in instructions of techniques of the various activities . . .

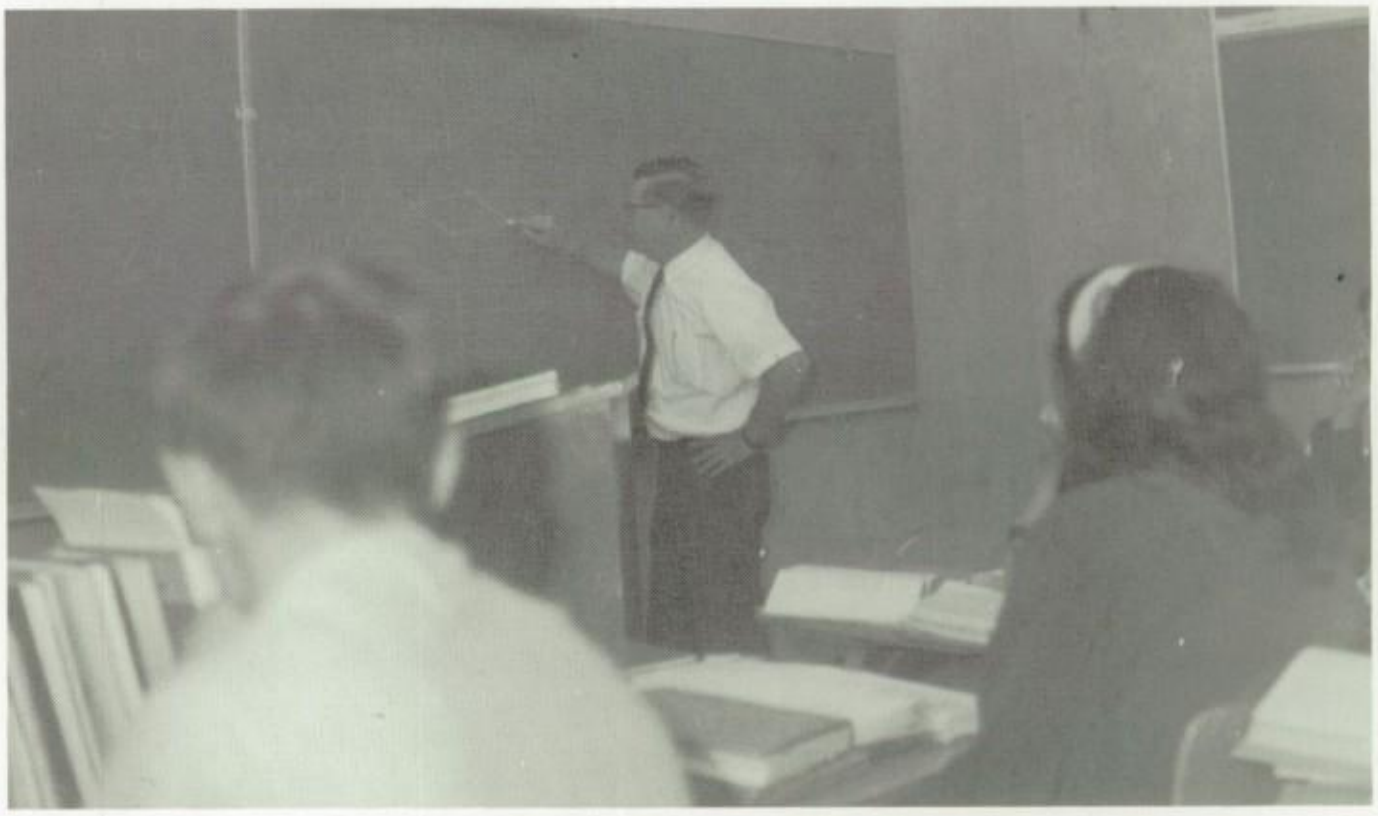
providing the basis

The Math department continually strives to make its subjects enjoyable and intriguing so that they captivate the interest of even those that dislike such a course.

This well equipped department, headed by a very capable instructor, Miss Jean Pogue, and backed by expert math teachers, supplies courses to prepare students for all walks of life. Math is no longer just a tool for science and engineering, it is a tool of modern life. It is used in natural science, social science, industry, business and many other fields.

All in all the math department goes far beyond the call of duty when it comes to giving its students the best courses possible.



This is how you square the circle!?

practical practice in driving

Our students are eligible to take Driver Training if they are Sophomores, at least 15-1/2 years old, have completed 30 hours of classroom instruction in Driver Education, and have their parents' consent.

The students are primarily "borrowed" from Gym classes, Study Hall and on rare occasions from their lunch period. The in-school program consists of 12 consecutive school days of Driver Training, while the after school, vacation and Summer programs consist of six- 12 hour appointments. Every student must receive a minimum of 12 hours of drivers training.

Upon successful completion of his Drivers Training instruction each student is awarded a Drivers Training certificate. Most insurance companies allow a discount of 10% or more on premiums if a student has received his Trained Driver Certificate.

The present licensing law requires that any young person age 16- 18, shall have completed both Driver Education and Driver Training before being granted a license.

This year over 900 students received their behind-the-wheel instruction. Next year we hope to train over a 1,000 students.

The Driver Training cars are donated to the district through the courtesy of our local automobile dealers. Without the help of our local dealers we would not have a driver instruction program.

librarians

About 14,000 books line the shelves of the Ida Fuller Library. The Library received $50,000.00 dollars this year to buy books, tapes, film strips, and records and 8mm film loops. The records as well as the books may be checked out. Sometime soon the librarians hope to have a listening and viewing room for the tapes, records and film strips.

The last of your high school years is about to conclude. With its passing, you, the Class of 1968, will be entering a world filled with new experiences. I hope you will look back, and remember these past four years.

I can recall many of your class accomplishments. Though our efforts did not always bring us first place, we always worked our hearts out.

Without the supervision of Mr. Stumbaugh, our efforts would have been fruitless. He was not only endowed with the job of guidance, but, he was also our activities counselor for our first three years.

I am happy to say we were able to make Mr. Stumbaugh's job a little easier. This year we were lucky to have Mr. Peck as our class sponsor. It was he who organized most of our senior activities. I feel we owe him a debt of thanks for making this a year to remember.

Lastly, I would like to express my appreciation for electing my cabinet and myself as your Senior Class officers.

Good luck to you, the Class of 1968.

Sincerely,
Ron Mito

Be now forever taken from our sight,
Though nothing can bring back the hour
Of splendor in the grass, of glory in the flower;
We will grieve not, rather find
Strength in what remains behind;
In the primal sympathy
Which having been must ever be;
In the soothing thoughts that spring
Out of human suffering;
In the faith that looks through death,
In years that bring the philosophic mind.

Diane Moore, Brenda Rose, Carolyn Baker—Class Yell-Leaders

Although apathy took a high toll among members of the student body during the school year, it did not noticeably afflict the Class of 1969. A first place Homecoming Float, an overwhelming victory in the magazine drive, the presentation of a profit making Harvest Moon Ball and Junior-Senior Prom—these were the highlights of the most successful year our class has had so far. There are about 760 members of the Class of 1969; to those who gave their time and energy for the betterment of the class, this last year is dedicated.

Becky Mastoris, Carol McGrath, Kathy Travers, Janet Culbertson, Class Yell Leaders.

As president of the Sophomore Class of 1970 I would like to bring to the attention of the student body the extraordinary spirit generated by our class on the Homecoming float. Under the leadership of secretary Chris Hyde we had an enormous turnout for the building of the float. The Class of 1970 also came out in great numbers to aid in the class sales of Zip Code Directories to the community. I am confident that under the proper leadership, which the class is capable of supplying, our class will continue to show the school, community, and faculty that we are a great and worthy class.

"As Freshman class president, I just wish to say that our class, the class of 1971 has truly had a great year. We have quite a lot of school spirit, as shown on the Homecoming Float and on other activities that have gone on throughout the first year of high school.

"If the class of '71 continues in such a way, I know that the next three years at Watsonville High will be even more enjoyable, because the class of '71 is made up of that special kind of student who can make this happening possible."

President Sharon Jackson capably headed the Future Homemakers of America this year as they fulfilled their objectives of service to school and community and furthering interest in Home Economics. A trip to Asilomar for the State F.H.A. Convention, by two officers, and the sale of cookbooks began the club's activities. Sales, parties, helping the needy, and conferences were just a few of the club's activities. Advisers for the club are Mrs. Silvia Psenner and Mrs. Marie Roberts.

This year the Watsonville F.F.A. plans on participating in several F.F.A. functions which in the past have been neglected.

Two delegates will be sent to the F.F.A. State Convention. There they will represent the Watsonville chapter. Also all the attended Officers Training School. There the officers learned what their duties were.

Several community service projects such as: putting welcome signs on highways entering Watsonville; making Christmas baskets; community clean-up and improving the high school campus are planned for the year. Money-making activities planned for the year are scrap drive, car wash, and dances.

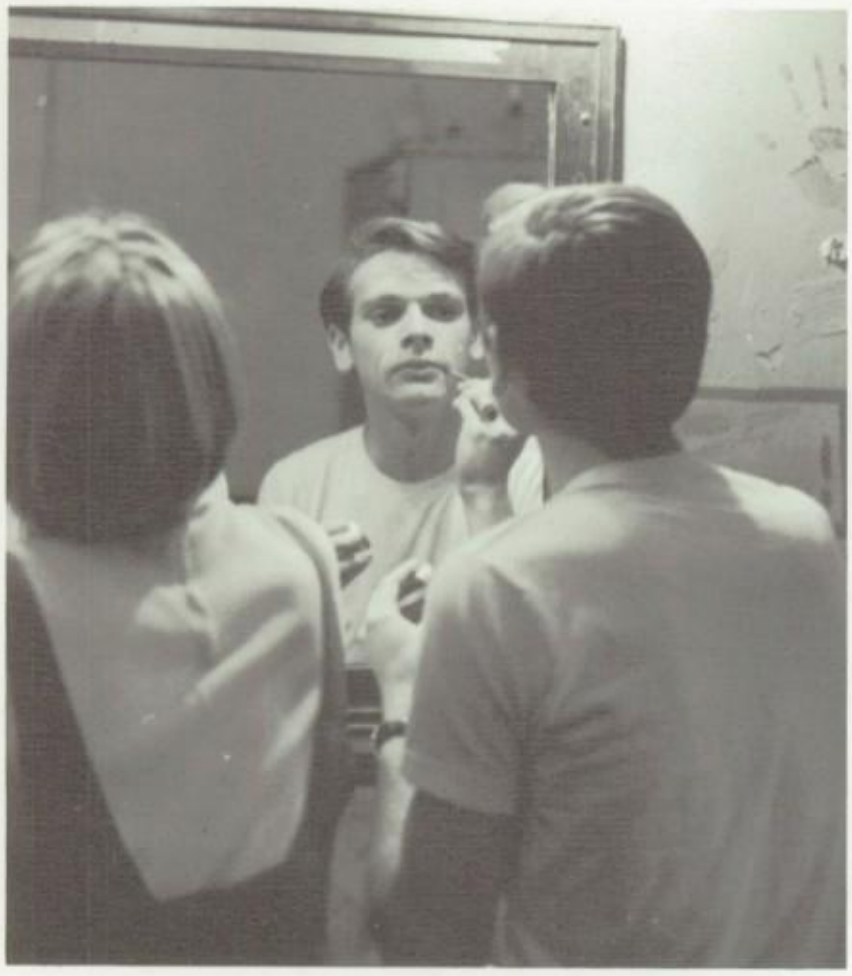
thespians



THE THESPIANS WERE FACED WITH A NEW SITUATION THIS YEAR, A NEW ADVISOR. MOST OF THIS YEAR HAS BEEN TAKEN UP WITH ADJUSTING TO THE NEW ADVISOR MAKING THE CLUB RELATIVELY INACTIVE. BUT DRAMA HAS INCREASED DURING THIS YEAR. MR. THELANDER'S DRAMA CLASS HAS DONE MANY PRODUCTIONS AND HAS BROUGHT DRAMA FROM OTHER PLACES FOR THE ENJOYMENT OF ALL WHO COME. WITH GREAT EXPECTATIONS FOR THE FUTURE, THE THESPIAN CLUB AWAITS NEXT YEAR.

French Club started off the year right by capturing first place in the club division of the 1967 Homecoming parade. The float featured Cinderella in her magic coach going to the Homecoming ball.

Club activities included a pot luck preceding the Christmas Holidays. Plans are being made for Spring activities which will conclude with the annual club picnic.

This year's officers are as follows: Cathy Brown, President, Marilyn Hyde, Vice-President, Diana Malatesta, Secretary Treasurer.

art club

Mr. Pezzoni, Lonnie Rieffel, Mary Hoskins, Marilyn Jessup, Deb Hurd, Mr. Spencer, Cathy Bettincourt, Pete Esteban, Jan Lodin, and Gail Jurickovich.

The Art Club, Les Fauves, was inactive during the first semester but plans for the second semester have been made. These plans include field trips, personal projects, school improvement projects and possibly an art show and sale.

sno-catz

With 178 members strong, the Sno-Catz had an other active winter with six trips to Badger Pass in Yosemite and one special trip to Utah during the Christmas holidays. The Badger trips included two 3-day trips and four 2-day (weekend) trips, taking two big busloads.

This year the group decided to sponsor a trip, between Christmas and New Year's of one big busload, to the "great powder snow" of Utah. It proved quite successful. They skied 3 days at world famous Alta and 2 days at Park City. Their headquarters was the Holiday Inn in Salt Lake City. The group went by chartered bus, good old Santa Cruz Transit, the transit company who provides all their transportation.

chess club

THIS YEAR'S CHESS CLUB IS OPEN TO ALL WATSONVILLE HIGH SCHOOL STUDENTS WHO ARE GENUINELY INTERESTED IN LEARNING AND PLAYING CHESS. THE MEMBERS PARTICIPATE IN A PERPETUAL TOURNAMENT WITH EACH OTHER, AND IN THE COURSE OF THE YEAR, THE BEST ARE PICKED TO PLAY IN INFORMAL TOURNAMENTS WITH OTHER SCHOOLS. UNDER THE GUIDANCE OF THE CLUB'S ADVISOR, MR. STEPHENS, THIS YEAR'S OFFICERS HAVE CAPABLY HEADED THE CHESS CLUB.

photo club

The Photo Club of Watsonville High School has a varied program to meet the many interests of its members. In the past, members have enjoyed climbing around the Pinnacles near Hollister and another time they enjoyed climbing and crawling (without lights) through the old caves. On another photo expedition the adventurous members wound their way to Mt. Hamilton. After unwinding, they had a very educational afternoon looking at the various telescopes and the beautiful mediterranean type scenery.

Here at school we have taken pictures of the couples at several dances. This was fun (even though the noise leval was a *bit* too high). Also developing and enlarging work has been done.

Future plans include more training in methods of picture taking, more enlarging work and possible guest speakers from the Register Pajaronian and photo shops in the area.

The most important item that has made the club a success it is has been the interest of the members. Without student interest no club can succeed.

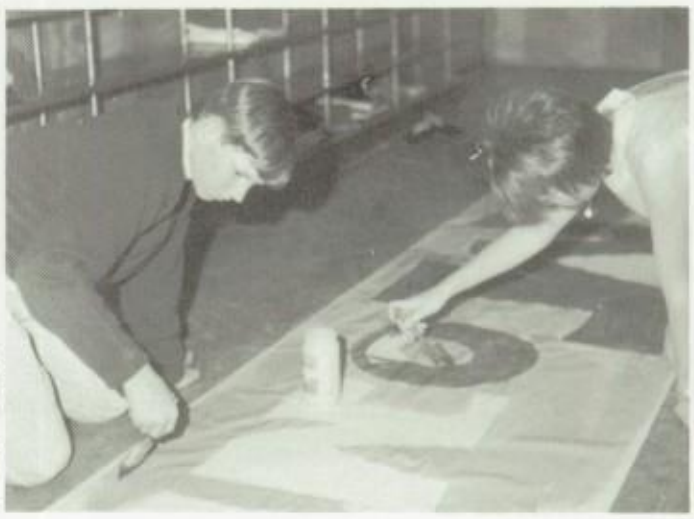
SPIRIT—THE THEME FOR RALLY COMMITTEE 1967-1968.

UNDER THE LEADERSHIP OF RALLY COMMISSIONER, FRANK CROSETTI AND CHRIS BOBEDA, MANY PROJECTS WERE CARRIED OUT. WATSONVILLE ONCE AGAIN WON THE ROOTER'S TROPHY AT THE ANNUAL FOOTBALL JAMBOREE. FOR THIS PROJECT RALLY COMMITTEE STARTED TO WORK TWO WEEKS BEFORE THE ACTUAL SCHOOL YEAR, ALTHOUGH PLANNING IS AN INTEGRAL PART OF A RALLY COMMITTEE SUMMER.



RALLIES THIS YEAR FOCUSED ON STUDENT PARTICIPATION—RATHER THAN HAVING THEM SERVE AS SPECTATORS. A HIGHLIGHT WAS A VISIT BY HAWKMAN! ANOTHER HIGHTLIGHT WAS THE SPONSORING OF RALLIES BY THE CLASSES.

RALLY COMMITTEE HELD DAILY WORK SESSIONS THROUGHOUT THE YEAR. THE COMMITTEE WAS COMPOSED OF ABOUT 150 WORKERS. UNDER A POINT SYSTEM THIS YEAR'S RALLY COMMITTEE MEMBERS COULD BE REWARDED FOR THEIR WORK. FOR INSTANCE A FREE GAME TICKET AND A CHANCE TO GO ON THE EXECUTIVE COUNCIL PICNIC.

EVENTS SUCH AS AN ORGANIZED HOMECOMING WEEK FOR BOTH FOOTBALL AND BASKETBALL, HUSH DAYS, AND SCHOOL COLOR DAYS SERVED TO MAKE THIS A MOST MEMORABLE AND REWARDING YEAR.

THIS YEAR'S CHOIR UNDER THE DIRECTION OF HERMAN FISHER HAS HAD AN ARRAY OF ACTIVITIES FROM A MUSICAL TO PERFORMING AT THE SANTA CRUZ SYMPHONY.

FIRST IN THEIR ACTIVITIES WAS THE TRADITIONAL CHRISTMAS CAROLING. THIS YEAR, HOWEVER, SOMETHING NEW WAS ADDED. INSTEAD OF TRADITIONAL CAROLS, THE CHOIR SANG AN ORATORIO, THE PRINCE OF PEACE. THIS WAS DONE AT THE FIRST CHRISTIAN CHURCH, THE UNITED PRESBYTERIAN CHURCH, THE ELKS AND KIWANIS CLUBS, AND THE CHRISTMAS CONCERT AT THE HIGH SCHOOL GYM.

ON DECEMBER 20, THE CHOIR CAROLED AROUND THE SCHOOL GROUNDS. A FIRST FOR THE CHOIR WAS THEIR PERFORMANCE AT ST. PATRICK'S MIDNIGHT MASS ON CHRISTMAS EVE. ALWAYS HIGH POINTS OF CHOIR ACTIVITIES ARE THE HONOR CHOIR THIS YEAR AT CABRILLO, AND THE ANNUAL CHOIR MUSICAL. THIS YEAR THEY PUT ON THE BROADWAY MUSICAL "KITTIWAKE ISLAND". WHILE MR. FISHER DIRECTED THE SINGING PHASE OF THE MUSICAL, JAMES SPEROS WAS BUSY WITH CHOREOGRAPHY IN SEVERAL SCENES. THE MUSICAL WAS PUT ON MARCH 22ND AND 23RD.

NEXT ON THEIR AGENDA THE CHOIR SANG AT THE CHOIR FESTIVAL AT HARTNELL IN SOLOS OR IN GROUPS.

ANOTHER FIRST WAS THE CHOIR'S PERFORMANCE AT THE SANTA CRUZ SYMPHONY ON APRIL 17TH AND 18TH.

THIS COMPLETED A WELL ROUNDED SEASON FOR THE WATSONVILLE HIGH SCHOOL CHOIR.

This year, in October, Girls' Choir engaged in a series of performances starting with entertainment for the Lions, Elks, and Kiwanis Clubs. In December, the Choir busily prepared a Christmas cantata, "The Prince of Peace Is Coming" and performed it for various churches and schools. On Christmas Eve the Choir sang at Midnight Mass held at St. Patrick's Church. With the annual musical in mind, the Choir, in conjunction with the Drama Department worked on "Kittiwake Island" and performed this highly successful musical in March.

manzanita

To most people a yearbook is a reflection of many memories bound by a cover. To the Manzanita staff, it is a year's effort of thoughts, deadlines, and a very important goal.

There are many factors contributing to the quality of this year's Manzanita; the most important being the cooperation and hard work of a very competent staff under the guidance of Mr. Pezzoni. A particular thanks should go to our patrons for their continued support.

The 1968 Manzanita staff is proud to present one of the best yearbooks ever . . . Reflections 1968.

Watsonville High School's Health Occupation Preparatory Education is the first program of its kind in the state of California. It consists of twenty-nine girls, who were chosen in their sophomore year according to their past school records and interests. An interdisciplinary approach to the core subjects—lab science, math, nutrition, English, and typing—distinguishes the program from the traditional high school schedule.

Field trips are taken regularly to laboratories, food companies, and hospitals, which prove to be exciting and more interesting each time.

The four teachers involved in Hope, Mr. Albert, Mr. Rich, Mrs. Miller, and Mr. Herber, have found the program unique. They also agree that in distinguishing this program from the usual routine, it gives each girl a better chance to go into the medical occupation of her choice.

Each of the girls has found Project Hope a new experience, which is interesting, exciting, and an opening to a new future.

pippen

. . . and what have we here? A team, of course! A team whose members practice that subtle art which has become so necessary to mankind; commonly referred to as "the written word."

You'll notice that determined look in all the faces; no fooling around for this team. Each and every member has been out trying hard to win some great poetry and prose for their beloved "Pippin."

Karla Rigor carries the world on her shoulders as she strives for the perfection of her own unique style of nursery-rhyme.

With their fearless leader, Mr. Harrison, ready to blow the whistle on anyone who fouls out and refuses to contribute his much-needed skills to the production of the beloved book, you'll find that the vast majority will be eager to keep on the ball.

As you can see, each has a different and highly specialized job to which he is assigned. Theresa Novak has been out fishing for ideas, in the bottomless reservoir of raw talent at Watsonville High. You'll notice, too, that she wears her trusty sombrero to keep the sun off the invaluable brain.

Glenn Kraski is often seen wandering around campus, scouting possible leads to the whereabouts of the "Great Green Martian who ate Planet Earth" . . . seen any flying saucers lately, Glenn?

Another of our dedicated staff, Connie Nestler, is seen faithfully and gracefully skiing down the slopes in search of some wandering and solitary naturalist, out to write a bit of Haiku.

A team is never complete without a peace-maker. Marilyn Marks, with her sedate serape (a symbol of peace), spends many sleepless nights burning the candle as she revises and re-revises her latest Pulitzer Prize masterpiece.

Brian Bisnett, hand-on-heart, solemnly pledges his allegiance to the champs of 1984, and to the betterment of our great English literature.

Everyone does his part on a winning team. What do they have to show for their superb team work? The Pippen, of course! Hail the great Pippin of the champs of 1984!

The purpose of the Model United Nations team is to promote an understanding of other nations' problems and their relations with the rest of the world. Members of the team learn through their experiences the basics of diplomacy and polish up their skills as public speakers. The result of a year's study of background and political issues is the meeting of all Model U.N. teams at the University of California at Berkeley, which sponsors the organization. There the delegations exercise all the skills and knowledge they have accumulated during the year in a mock General Assembly.

high times

This year the High Times staff was faced with the tremendous task of gathering, reporting, and editing news for an overcrowded student body of 3100 students. The majority of the journalism class of 1967-68 worked with initiative and creativity toward meeting this challenge, and deserve credit for their efforts.

Special congratulations should go to Judi Matusich for her work as editor. Her perceptiveness, sense of news value, and diligent pursuit of excellence gave the High Times a relevance enjoyed by few high school newspapers. Besides striving for as much coverage as possible on school events, Judi was instrumental in developing the High Times into a keen indicator of student opinion.

In an effort to establish added communication between students and administration this year, the High Times originated the principal's press conference as well as an editorial column "The Inside Line" which was devoted to the administration's answering any questions asked by students. Also, Brian Bisnett's editorial feature column "What the Doormouse Said" proved to be a reader favorite.

Graduating seniors who have contributed significantly to the High Times during their two years on the staff are: page editors Mary Jane Bokariza, Cathy Davis, Roseann DiCiano, Joyce Kurimoto, and sports editor Dan Piumarta. Also, the feature writing of Nancy Ogura, who joined the class in her senior year, proved a valuable addition to the paper. And finally, the excellent work of photographer Matt Grizich added immeasureably to the High Times of 1967-68.

The Math Club this year has provided the competitors for the mathematics contests, in line with fulfilling its major goal of stimulating interest in mathematics.

Under the sponsorship of Mr. LaVon Thorne and the leadership of President Charles Dana and Vice-President John Nitao, its members have distinguished themselves in such competitions as the University of Santa Clara, the Poly Royal at Cal Poly, and the St. Mary's College math contests.

science club

The goal of the Science Club this year has been to create a stimulating atmosphere for advanced study in the field of science. In reaching this goal, the club has taken field trips to the Egyptian Museum in San Jose, tidepools for biological study in Davenport, and Monterey's Post Graduate School. Helping to provide the leadership of the club were President Darryl Marshall, Vice-President Theresa Novak, and Secretary-Treasurer Helen Leong. The club was under the sponsorship of Mr. Feitchner.

california association of student councils

Hans Goto—District President

Student councils serve as a practical education in the principles of American government and in so doing play an important part in the total educational program of every school. Through participation in student government the leadership abilities of our young people are fostered and developed. For these reasons every California high school should have a well-developed and functioning student council.

The California Association of Student Councils serves as the agency which promotes improved procedures and practices in student government. CASC coordinates the activities of student councils. Moreover, it takes the lead in sponsoring many student activities on a statewide basis.

The CASC sponsors such valuable activities as the California Student Advisory Board on Education, the screening committees for the Senate Youth Program, the planning and leadership of the Teen-Age Division of the Governor's Traffic Safety Conference, summer leadership conferences, and the like. These are invaluable services to the youth of California. Without CASC participation, these activities would be much less meaningful and dynamic.

american field service

AFS began planning and conducting activities during the last few weeks of summer . . .

August

The first exchange student, Joy Bedekar, arrived from Poona, India on August 18. He is staying with the Millers. A group of AFS members went out to meet him. They discussed the Taj Mahal.

September

AFS had a "Get to know Joy" beach party at Sunset. Joy was acquainted with American food.

October

The club entered a car in the Homecoming parade, and won a first prize. "Dumbo for the Offense" was ridden by Joy. Also, AFS sold Halloween candy and gained a net profit of $50.00.

November-December

The Christmas project was selling fruitcakes, and received another $50.00.

January

John Karagirwa arrived, the second AFS foreign exchange student, from Uganda, East Africa. He stayed with the Kents.

February

February 17-24 was Exchange Week. "Nobu" visited from Japan, and Joy left for Austin.

March

The 28th was an Exchange assembly. Thirty students from all over the world came and spoke during both lunch periods, and had lunch afterwards.

May

The International Festival was held on May 4th. Organizations in the community prepared dishes of various cultures. This is the major fund-raiser of the year.

Money raised from all these projects go toward supporting our foreign exchange program.

Dear Watsonville Friends,

The most marvelous and the best experience of my life has taken place this year. It is something unforgettable for me to come and share everything with you at Watsonville High, the wonderful school I will never forget during my lifetime.

I have to thank everyone for the responsibility you have undertaken to make me enjoy this time I have had with you.

Though I may miss all the many friends I have made at Watsonville, I hope to come and see you once again. Out of sight does not mean out of mind.

I wish everyone of you good luck in the time to come, but for the time being, let me say

Kwaheri,
John Karagirwa

In our lives we have not many chances to be heroes but many to be cowards.

My philosophy of living is: "The more happiness we give, the happier we become; and the happier we become, the more we have to give."

Watsonville is a very friendly school, and you can be sure that I will always remember you, my friends.

Love,
Zuca Andrade

Hello,

I am Joy Bedekar, your A.F.S. student from India. I flew from Bombay to New York on 12th August, '67. I liked New York, but it was lot bigger than I expected. I took a long nice bus trip from New York to San Francisco. I liked all U.S., but especially San Francisco. That's how I am here to meet you folks. It's a good experience to learn about U.S., to stay in Watsonville and spend one year in Watsonville High. I visited to northern California and I love it. I enjoyed my stay in U.S. Hope you enjoyed me, too.

My name is Gudrun Ragnarsdottir and I'm the I.C.Y.E. exchange student from Iceland. I arrived here at Watsonville 12 of July 1967. Watsonville is a nice town with lots of friendly people. I love California's warm weather and I like to go to the beach, and go swimming in the ocean. I have gone to many places here in California and all of them are just beautiful.

One of my great experiences is going to Watsonville High School. Here I have learned a great deal of the English language, and I enjoy the school activities very much. The teachers and the students have been very helpful and nice to me, and finally I wish Watsonville High School good luck in the future.

national merit award

The National Merit Scholarship Qualifying Test, which is given to students in their junior year, is used as a basis for selecting semi-finalists for certain scholarships. Finalists selected from this group compose one-half of one percent of the nation's graduating seniors and are chosen because of grades, recommendations, and other indications of very high potential.

Theresa Novak is now a National Merit Scholarship Finalist and has a very good chance of receiving a National Merit Scholarship.

dar award

The graduating seniors of 1968 chose three students from their class whom they thought eligible to receive the Daughters of the American Revolution Award. The difficult task of selecting a winner fell to a faculty committee, who voted the DAR Award to Pat Wong.

girls' state

Patricia Wong— Girls' State '67

Girls' State is like a 51st State, and is composed of 560 girls from all over California. It took place at the University of California at Davis from June 26 to July 4. The organization at Girls' State is patterned after the city, county, and state levels of government and the state is composed of sixteen cities and four counties.

The idea up at Girls' State is to learn by doing. With the highly spirited girls, Girls' State was able to elect her own officials for each level of government and make her own laws and resolutions. I was fortunate enough to be elected mayor of our city.

Not only was knowledge gained about government, but friends were also made. Most importantly, the girls learned that to get anything done, one must participate.

Yes, Girls' State is quite an experience!

boys' state

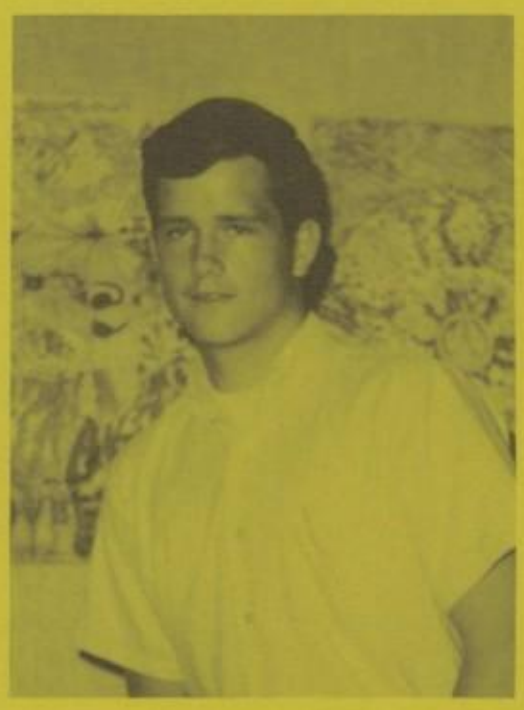
After thirty thrilling, but peaceful years, Boys' State received a new kind of Boys' Stater: me. During this time Boys' Staters have stayed in the cattle barns at the state fair grounds. I was honored to serve as an assemblyman, and had a chance to serve for one whole day.

My biggest thrill at Boys' State was having the distinction of being the only case of law taken to the supreme court. Another Boys' Stater and I were accused of grand larceny for stealing a cot. We were indicted, arraigned, and convicted of grand larceny, even though we had the best lawyers Boys' State money could buy. Well, the case went to an appellate court, and finally we found ours the only case in front of the seven-man supreme court. Rightfully, the two defendants (us) were set free because of the mishandling of the case in the lower courts. (Confidentially, we should have been tried for attempted petit larceny, and the charge would have stuck, because I was actually . . . guilty!)

Hans Goto—Boys' Stater, 1967

this year . . .

This summer at Girls' State and Boys' State, Mary Hernandez and John Ahlering will represent Watsonville High.



spanish club

This year's Spanish Club is governed by 10 students. They meet monthly at a Mexican restaurant to plan their activities. They carry out one activity per month. These activities include: field strips, cook outs, parties, and dances.

They made contact with the Salinas Spanish Club and are planning joint activities with them. In June, the Spanish Club is planning a trip to Mexico providing they get the reservations.

Last year's Spanish Club left this year's club $500, so many of the activities are financed by the club.

The council members are: Mary Hernandez, Sal Allamillo, Mona Loa Hembre, Chris Tajada, Helen Leong, Connie Nessler, Carl Faria, Mike Baker, and Kathy Mount.

latin club

The Latin Club is a group organized to have fun. Throughout the year we have barbecues, beach parties, and our main event the Roman Banquet.

To be a member of this nobel organization you must be taking Latin or have had one year of the language. You must also be accepted by the other members for this is an elite club. Our officers are as follows: John Walker-President, Barbara Bivins-Vice President, Dan Vencenuti-Treasurer, Scott Smith-Worthy Advisor.

Members: Matt Lettunich, Frank Crosetti, Hans Goto, John Osborne, Dan Benveniti, Matt Murray, John Barker, Scott Smith, Tom Noble, Pete Michelson, Don Schukraft, Bryan Crabtree, Randy Zeyen, Roger Krone, Harry Bloom, David Kich, Keith Zenker, Joe Cassel, Hohm Walkerm, Jerry Enemoto, Robbe Renvick, Storms Moody, John Gillette, Steve White, Scott Bentall, Joe Grizich, Rockie Dezelle, Paul Schenvogt, Don Pack, Beckie Burwell, Nathell Pucket, Pat Lassen, Sharon Upson, Mary Davidson, Theresa Theriot, Ida Leong, Judy Bowlin, Carolyn Hayashida, Lyda Lettunich, Barbara Bivins, Cecilia George, Nancy Ogura, Karen Morrison, Jan Phillips, Joyce Schukraft, Elaine George, Linda Gong, Becky White, Susan Tabancay.

With the help of Miss Marjorie Mahan, the Watsonville High School Coin Club had it's first meeting shortly after the first semester. Having a raffle, an auction of members' coins, and a short period for buying, trading, selling, and talking coins each meeting, the WHS' Coin Club provides helpful information for both beginner and expert. These also make the meeting worthwhile. This gives members a chance to be in touch often. Although we are young and have a small treasury, we plan on going to such coin shows as the ones in San Francisco or San Jose. But the true purpose of this club is to enable the members to learn more about the hobby, and to enlarge their collections.

Mr. Gene Johnson

Mr. Wayne Johnson

The '67 Wildcat team got off to a good start with a tough game at Bellarmine which they lost 20-6. After that the Cats won three in a row and it looked like they were on their way.

The first win came at home over a strong Lincoln High of San Jose, 14-7. The next week they looked very sharp in a 31-13 victory over Salinas. The team, defense especially, seemed to really jell in a tough 6-0 shutout over North Salinas Vikings the next week.

It looked like the boys were ready for their two toughest opponents, Soquel and Santa Cruz. But at this point enough bad luck to ruin two seasons all came at once. With illnesses and injuries the Cats lost seven starters and a close game to Soquel, 14-7. Then the following week, still unable to field a healthy team, they lost 27-0 to the league champions, the Santa Cruz Cardinals.

After the loss to Santa Cruz the team was never able to come back, although they were definitely in each of the remaining games right down to the final gun. In spite of the losses they continued to fight hard and gave their fans interesting and exciting football to watch. Their wide range in size, from 130 to 315 pounds, made an unusual Wildcat team but they possessed all the pride and desire that characterized Wildcat teams of the past. They liked to hit and hit hard!

Vince Matulich, the Wildcats only M.B.L. choice, co-captained along with Dave Morgan for the Wildcat season. M.B.L. honorable mentions were Buddy Mine and Mac McCrady. With most of the line and two experienced backs in Gary Probert and Chris Foxworthy returning, we look forward to better things in '68.

The 1967 J.V. Football team got off to a slow start after playing a very good game against Bellarmine but lost 13 to 7. It took 4 more games before they could come up with a win, then they found themselves winning 3 in a row before losing a heart breaker to Alisal in the final game of the season. They had held three teams scoreless, with a strong defense, but their offense had a slow start before coming on strong at the end. Under Coach Guy and Coach Nix, the J.V. Players improved tremendously this year with a league record of 3-3 and 1 tie.

The 1967 Wildkittens came through with their best football season of recent years. Although it was not a spectacular record (2- 1-6 overall and 1- 1-3 in league play) the Kittens played well and improved each week. The Kittens finished in fourth place in league competition behind Monterey, Salinas, and Alisal—a three way tie for first. The Kittens experienced seniors—Mike So and Alex Montoya—were injured most of the season. Mike was again named to the all MBL team. Alex, sophomore Stan Petrik, juniors Asuncion and Jim Noble were named to the honorable mention list of MBL players. The sophomores dominated the team—Mike Blight, Mike Gruber, Gordon Kobara, Steve Wong, and Don Schucraft were among the starters.

Juniors that played well were Don Barnett, Dennis Estes, Jim Noble, and Effrin Tovar.

A strong defense led by Dan Ramirez and a lightning quick offense led by Sal Alamillo gave the junior lightweights to a 9 and0 season. The defense did an outstanding job all season allowing the opposition only three touchdowns. The defensive ends David Flores and Len Yamamoto stopped all wide plays and when the opposition attempted to run inside they were stopped by Louis Delfino and Mark Biedlman. The Little Kittens used two fast tough middle guards, L. Tachibana and Steve Greg who prevented quarterbacks from throwing the long ball. Peter Lew, Greg Davis and John Chavez did such good jobs as the deep backs that they only allowed 7 passes to be completed by the opposition. The linebackers John Kane and Robert Alanez were quick and aggressive, middle linebacker Dan Ramirez knocked down the ball carrier each time it counted.

As a unit the defense developed the pride that made them outstanding early in the season and at one time went 19 quarters without giving up a single point. The offense scored 191 points in 9 games. The key to the offensive unit was speed, the offensive line quick and hard. Max Garcia was the sure blocking center while Gary Fort and Duane Murakami pulled from their guard positions to cut down the defensive ends and backs. The tackles Butch Phillips and Gary Carona were so fast that they picked up over 100 yards on the tackle eligible. When the ends Serigo Carabarin and Jose Agiera were not demolishing linebackers they were going 50 yards for touchdowns. Sal Alamillo led an explosive group of backs in Ernie Tahoye, Larry Tachibana and Ignacio Serrano. Bob Mann was the quarterback that gave the offensive unit the spark it needed to score at will. For all 65 members of the Junior Lightweights with back up quarterback Randy Crawey. It was a great season. Under coach Grabast the Reserves look forward to another championship team.

The Wildcatz were in the midst of a rebuilding year with only three seniors on the squad; nevertheless, they had many highlights during their season. In addition to winning the consolation crown of the Santa Cruz Tournament, the Catz made impressive showings against non-Cal powers, Bellarmine and Bishop O'Dowd of Oakland. Sandwiched between these games were two wins over cross-town rival, Mora.

In the Santa Cruz Tournament the young Wildcatz brought home a consolation trophy for winning this bracket for the first time in years.

In league play, the Catz pointed with pride to their win over league champion Santa Cruz. The Catz were the only team to defeat the Cardinals this season. The Catz were a hustling, fighting club all year; they were a pleasure to watch in all their games. Their hustle and tenacious defense placed them second in the league in defense behind North Salinas. The Wildcatz will miss their three graduating seniors, Steve Johnson, Frank Rojo, and Bill Morris, who all took turns in leading the Wildcatz to their truimphs. Steve Johnson led the Catz in scoring and rebounding, pulling down 168 rebounds and scoring 224 points. Captain Frank Rojo led the Catz on the floor with his dazzling passing and driving. Guard Bill Morris had some fine games for the Catz on defense and won some crucial games with his excellent free-throw shooting.

Other standouts for the Wildcatz this season were Gary Probert, the Catz number two scorer; Ralph Marquez, a high jumping forward; Richard Taylor, a fine all-around guard; and Cliff Colyer, their steady center, who missed the last seven games because of a back injury.

The Wildcatz were a hard working and hustling team all season long who will make their presence known next year.

The Watsonville J.V.'s had a winning season by posting a 11-7 record. In league play, they had a 9-5 record against some strong opponents. The J.V.'s did get some revenge out of their league play, by defeating every team in the league at least once. Their 7 game winning streak in league competition was snapped by Soquel whom they had already defeated twice.

The J.V.'s had three good scores with Mike Lawton 164 points, Bob Daniels 161 points, and Brad Barnett 122 points. Bob Daniels, Mike Lawton and Gerald Sanchez also combined to do an outstanding job on the rebounding, and this area seemed to decide whether or not the team would win or lose.

In summary to the season, one would have to say that it was very successful and still improving with the team winning 9 out of the last 10 games.

Again under the watchful eye of coach Mr. Bill McGarvey, who returned from a year's leave of absence, the Wildcat's Cross Country extended their ownership of the MBL Cross Country Championship crown to 6 consecutive years. Hard work and determination proved to be the key to success for the Wildcat team.

Losing only three seniors: team captain Bob Banks, Alberto Reyes, and Harvey Miller, the Wildcat team has high hopes of retaining their crown next year.

Watsonville had another great track team again this year. Probably the best contender for the M.B.L. Championship. Returning strong from last year's squad are, Steve Johnson, who has the school's record in high jump, junior Ken Chappel, who broke the school's discus record this year, and is also a shot putter, Bob Banks in the 880 and mile, Ralph Marquez in the mile, Eddie Silva in the two-mile, Terry Egbert who runs the 220 and 440, Ernie Toriumi, hurdles, and junior Wes Ragan in the pole vault.

"c"s take third

The "C"'s finished third place in the League standing with a record of nine wins and six losses. Inexperience and a lack of height were named as the two attributing causes during the 1967-68 season.

The top scorers of the team were captain Mike Dahwiay and Amands Luevanos.

GO FIGHT....

Catz break into '67 season

This years jamboree, sponsored by the Santa Cruz Dad's club, was to say the least, an exciting and thrilling event. Again the stands at Cabrillo College football stadium were filled with rooters to cheer our mighty team on. The colorful posters and breakthroughs were a boost to our team but the best of all was a huge roll-down that covered the entire rooting section. These had been in preparation by our active rally committee since the middle of the summer and their fine effort was not in vain. Watsonville, for the third year in a row, took home the rooters trophy.

Roll 'em down

magazine drive

Debbie Pearson, top salesman

This year's magazine drive was successful to say the least. The total amount sold between both the juniors and the seniors was in the neighborhood of $3200. Of that, the classes will receive forty percent which will go towards the Senior-Junior Prom. The top salesman was Debbie Pearson of the junior class. Next was Lynn Mussler who was followed by Elaine Kaita. All three of these girls received cash prizes. A drawing was held and Denise Pettus, a senior, became the owner of a new formal. Though both classes did very well, the juniors outsold the seniors and Mr. Stunbough received a pie in the face.

harvest moon

This year's Harvest Moon dance was given the name of Grecian Moon and was the most successful one ever put on by a junior class. It was well attended and all the couples seemed to have a great time. The decorations were in the Greek theme but what attracted the most attention were the bids. They consisted of miniature scrolls with your names inscribed and were bound with a golden cord. With the music blaring and the lights dim the couples had a most exciting evening.

POWDER PUFF

Hi, Mr. Marshall

Senior Women

This year's powder puff football was the best in the history of the school. Under the supervision of Mr. Jones, Mr. Peck and Mr. Lane for the seniors, and Mr. Mock, Mr. Nelson, and Mr. Hashimoto for the juniors, these girls created plays that only a mother could love. But anyway, it was great fun for fans as well as the girls. The final score was twelve to six in favor of the seniors. At halftime the king and his court were chosen and honored. That night there was a girl ask boy dance with music provided by the soul express. All in all it was a great day.

SENIOR * MEN

Mr. Speed!

Go Bobby, Go

Preceding the girls in their game were the senior boys and the faculty in a tension-filled football game. This was the boys' chance to get whatever revenge that they could. And they did! Battered and weary, the faculty finally admitted defeat as the mighty seniors mowed 'em down. There were a few touchy moments of controversy over decisions on the plays but we agree that both teams played a fine game.

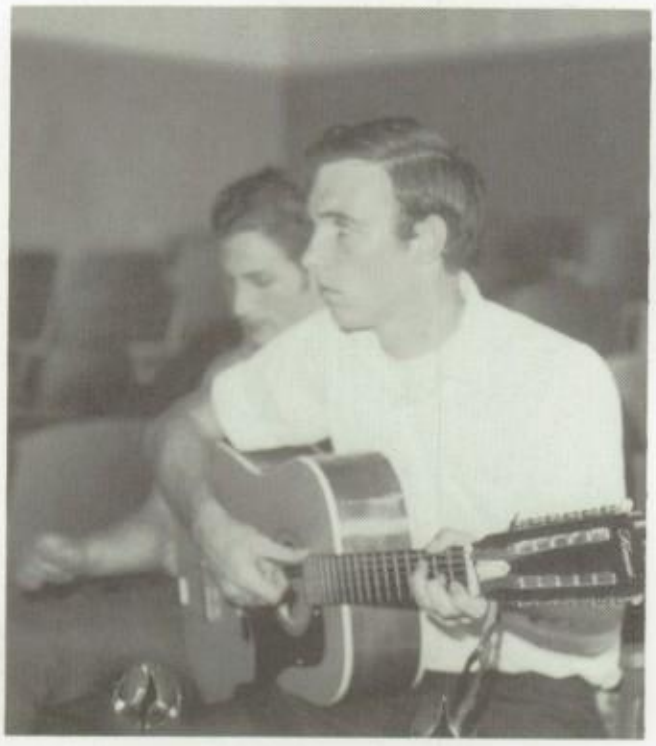
hootenanny



Gary Webb tunes up

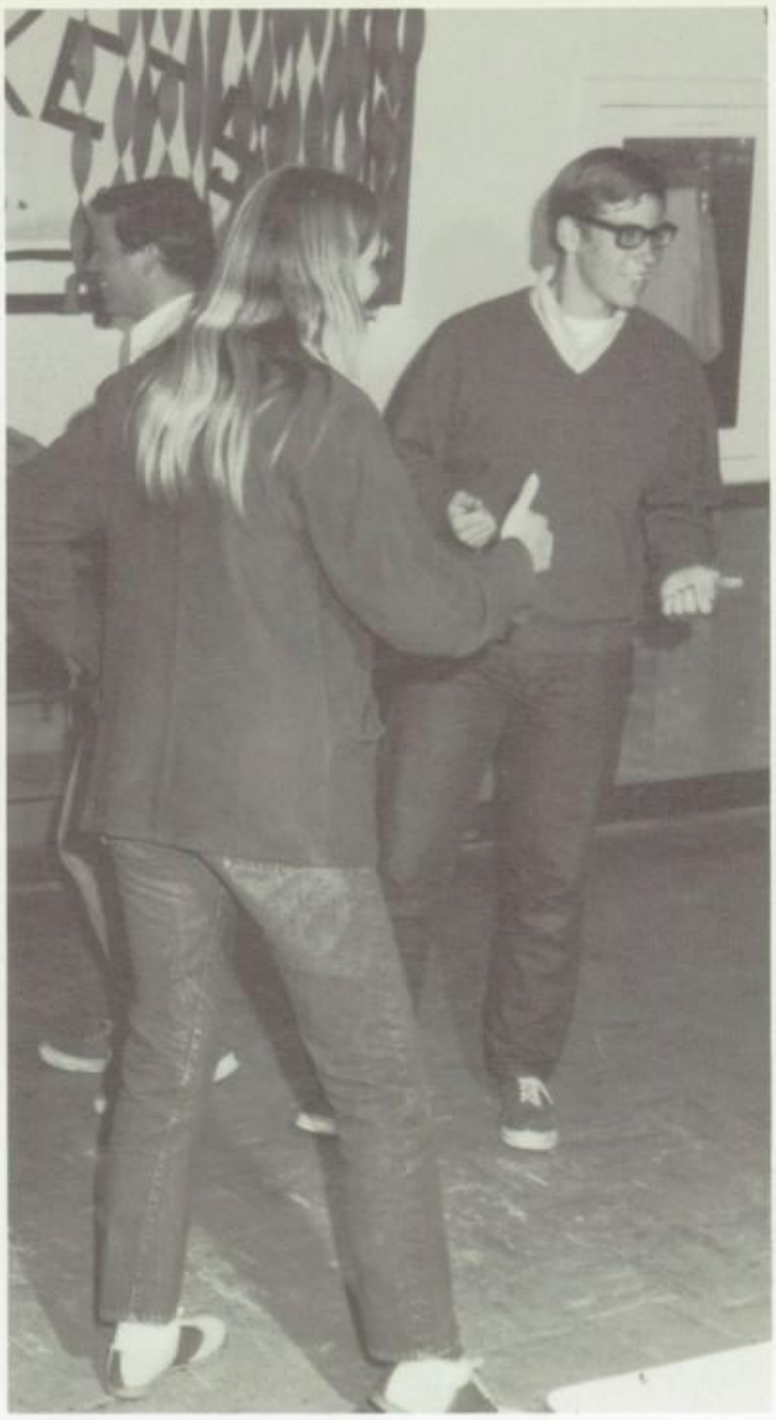
April 5 was the big day set for the 4th annual Hootenanny. It was put on by the Music Department in the auditorium. Admission was only 75 cents. The arrangements were handled by Jerry Johnson. There were many excellent musicians who displayed their talent in the form of folk songs. The roof was split with the sing-alongs and the audience was moved by the many folk ballads sung by the groups. This year's hootenanny was a great success as it usually is.

You do it my way, see!

Come now, they don't sound that bad!

Try the right note, Jerry

sadie hawkins dance



All the hillfolk from Aptos to Aromas had their Annual hoe-down on May 10 at the W.H.S. Cafeteria. The setting was perfect for this old-fashioned meeting, but the music proved differently. As the sponsors of the dance, the Block "W" Society set down a few rules; everyone must wear a costume!

The air tingled with excitement as the Basketball Homecoming rally began with Steve Johnson and Frank Rojo searching for Honor Attendants. There were suspenseful moments until Roseann DiCiano and Bettye Settle were escorted to their places of honor.

Then a hush fell over the gym as Bill Morris quested for the Sweetheart. He reached his hand to assist Jan Rilovich and lead her from her seat on the sidelines to the place of honor as the 1968 Homecoming Sweetheart.

Rock-out

Mr. Haney, it's not nice to push!

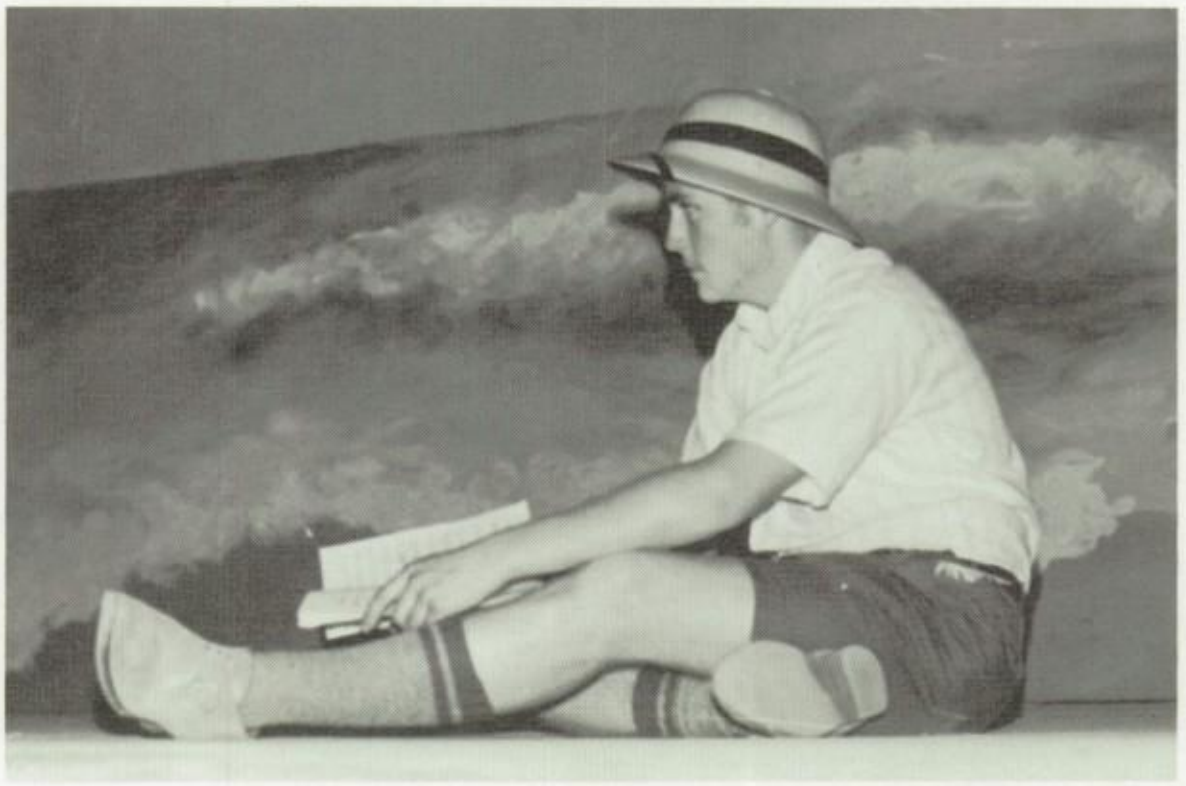
Well, it's finally happened. The seniors beat the faculty! As far back as anyone can remember the faculty has always won. But low and behold the boys of the class of '68 shut the faculty down. The day started with a rally put on by the senior class. Teacher superlatives were given to our favorite dictators and we must say that they were a crack-up. That night the gym was filled to capacity waiting for the outcome of the games. The J.V. faculty team was downed by the senior J.V. Then the varsity came on and it was a close game down to the finish with a final score of 43-41, in favor of the class of '68.

Teachers, we urge you not to be so confident next year. You may lose a box of Butterfingers, right Mr. Albert?

Preceding the basketball game was a volleyball game between the senior girls and the faculty women in which the seniors were stomped.

Look at that foul!

kittiwake island



Jerry Johnson as Dr. Orlando Puffins

Janet Ayres

The music department reached a new height of success this year with its spring production of "Kittiwake Island." The story is about Dr. Orlando Puffins who travels in search of a hypothetical bird called the Smew, an ostrich-necked, flat-billed creature.

Jerry Johnson played the part of Dr. Puffins superbly and was backed up by the fine talent of Janet Ayres as Lydia Sparrow, Ryan Fletcher as Hobie Merganser, Shelly Markum as Kestrel Grebe, and Dan Jamison as Keith Bryant.

Backing up the fine performance was the job of the orchestra, directed by Mr. Herman Fischer. They also are to be commended for their fine job.

junior-senior prom:

One entered a long awaited dream at this year's Junior-Senior Prom. "Love is Blue", the theme, was carried out in the atmosphere. This year's prom was held at the newly built J.F.K. Memorial Hall on May 25 from 9:00 to 1:00. Seniors will long remember this last memorable dance. Juniors look forward to their prom next year. It can truly be said that this year's prom was as enchanting as the song "Love is Blue".

Another year has gone by and once again it is time to elect new spirit leaders for the next year. Two weeks of rigid training and the girls are ready to appear in front of sixty judges, where they will be judged on their ability, poise, spirit, and numerous other categories. Five are selected for Yell-Leader and six for PomPon. This is quite a job for the judges as there are a number of girls trying out. Also along with the judging this year is the election of our mascot, Willie. These Spirit leaders will have the job of leading the rooters next year. We are positive that they will try to do as good a job as this year's leaders have done.

winter ball

the floor was packed

This year's Winter Ball was a great success. The theme attracted many as it was "Up, Up, and Away." Sponsored by the senior class, it was held on February 17. Music was provided by the "Tomorrow River Society" and another local group. The decorations were very bright and consisted mainly of balloons in gay colors. A lot of time and effort went into this dance to make it the success that it was, so we decided to give you an inside look at it by following one couple, Dave Church and Cindy Resh. It certainly looks like they are enjoying themselves.
